Lights in the Dark

Brothers, times at the Lodge are not what they use to be. Due to death and long term illness, two officer seats have had to be filled for the remainder of the year. Our membership is in the 70's, our attendance at our Wednesday practices has been so low we have had to cancel them indefinitely, our family nights are poorly attended, and the last two months we have barely had

enough Brothers present to open the Lodge for business. But with all this darkness, there is always light to be found. Brothers who have not attended like they use to, showed up and helped us open the Lodge. We have helped fund a Boy scouts patriotic Eagle Scout project. Brothers are reaching out and helping their Brothers in need. And we have a young DeMolay boy who has petitioned our Lodge. These positive moments are the embers of a dying fire, that if nurtured could bring our Lodge back to being a brilliant light. Please Brothers, this Lodge needs your help, before it is to late.

" The Secret of getting ahead is getting Started"

-Mark Twain

In the case of the death of a Brother or a member of his family, please inform the Lodge so that proper respects can be paid.
